Not until sorrow comes to us can we fully appreciate the function of beauty and sentiment in relieving our desolation and despair. More than that, the prevalence of beauty and sentiment in the cemetery inspires a nobler and a healthier attitude toward the great transition. Truly, therefore, it may be said that the beautification of the cemetery is an obligation to the living no less than a tribute to the dead.

FOREWARD

It was a dream of The Reverend George M. Wilcox, 17th pastor of Rocky River Presbyterian Church, that a Historical Foundation be established for the perpetuation of the burying grounds of so old, and so beautiful a church and grounds as Rocky River.

He passed to his reward without this dream becoming a reality, but those of us who are still a part of this church and wish to preserve its buildings and keep the history written in stone in the cemeteries have gathered these facts.

Records of lands purchased over the period of years from 1754 to the present, and buildings which have been erected on the land have been included in order to show why the seven cemeteries are in the location where they are found.

We hope that you who read these facts will have the same wish as we and help us keep the Rocky River Historical Foundation alive by giving towards its support.

THE CEMETERY FUND

As far back as August 15, 1912, "The preservation of grave yards at Rocky River" was a topic of discussion. At an elaborate homecoming held under the pastorate of Rev. James Lapsley, a discussion was held as part of the activities of the occasion. The result from this was the securing of a deed for what was the first cemetery in Cabarrus County.

On January 6, 1926, steps were taken toward keeping the different cemeteries associated with the church in proper order, with the selection of Ruling Elders J. M. W. White, Sam Black, and W. M. Morrison as a committee to raise funds for the endowment of "the several graveyards in which Rocky River Church is interested."

No report can be found as to what amount was raised. On January 10, 1928, \$771.09 was loaned, and the interest from this along with some of the principle paid back amounting to \$786.91 was given in a report on Aug. 6, 1935.

As for what and how much was spent during these years, no records have been found.

The fund was turned over to the trustees and along with the Ed. Erwin Fund was loaned for interest.

On January 10, 1958, in a discussion of the amount held by the trustees which should be a separate fund (The cemetery endowment fund), it was felt that a figure of \$1,000.00 would be a fair and just amount to put in this fund; however, the board voted to have the matter presented to the Session and be guided by the decision of the Session. This figure was agreed upon by the Session.

In 1956 the Session appointed S. C. Pharr, J. Ray Flowers, and B. Johnson Howie to form a cemetery committee.

This committee after investigating the former and present burying grounds set up the following plans of improvements.

1. Prepare ground and sow grass.
2. Enclose the new cemetery.
3. Repair present rock walls.
4. Extend west wall of cemetery just north of present church building to west line; this will add about $\frac{3}{4}$ acre to this cemetery.
5. Straighten monuments of markers and repair broken ones.
6. Have foot stones and copen made flush with ground.
7. Arrange for permanent upkeep of all cemeteries.

This committee appointed a canvassing committee to solicit funds to carry on these improvements. The committee received from members \$1109.00, and from friends \$1629.00.

These funds have been used as a start toward carrying out some of the above mentioned plans.

HISTORICAL RECORDS, DEEDS AND FACTS ABOUT ROCKY RIVER CHURCH BUILDINGS AND CEMETERIES

First Church and Burying Ground

This is traditionally the site of the earliest house of worship erected on Rocky River. It was a log structure conveniently erected between the homes of William White and Robert Harris, connected by a ford across the river.

On this site stands a monument bearing this inscription:

Here was Erected
In 1754
The First Rocky
River Church
A. Craighead, Pastor

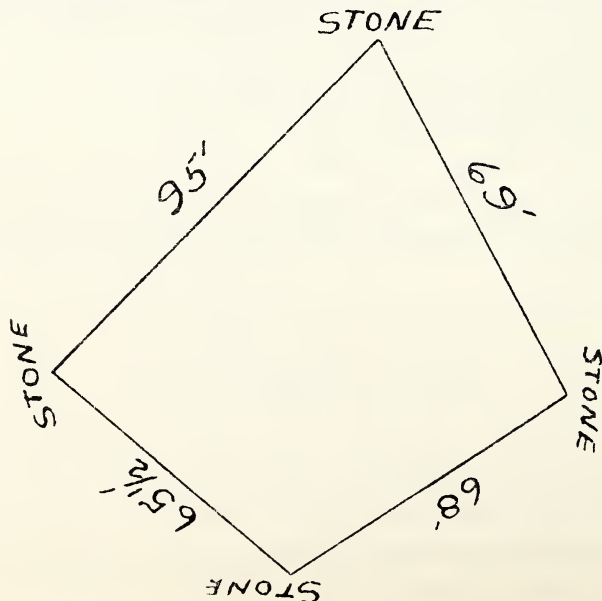

The First Church
Between Yadkin And
Catawba Rivers

This Spot
Was The First
Graveyard In
Cabarrus Co. N. C.

This site is located on Pharr's Mill and Rocky River Church road, 150 yards on the east side of the road. This plot is now covered by a clump of trees. There are a number of rough stones suggesting the location of several graves which we presume mark the graves of some of our earliest settlers.

This plot of land was gratuitously transferred to the Trustees of the Congregation by Mrs. L. L. Plott. This deed can be found in Cabarrus County Register of Deeds, Book 81, p. 422-423.

This deed dated March 30, 1914 shows the below dimensions.

SECOND MEETING HOUSE, OLD ROCKY RIVER CEMETERY, SPEARS CEMETERY

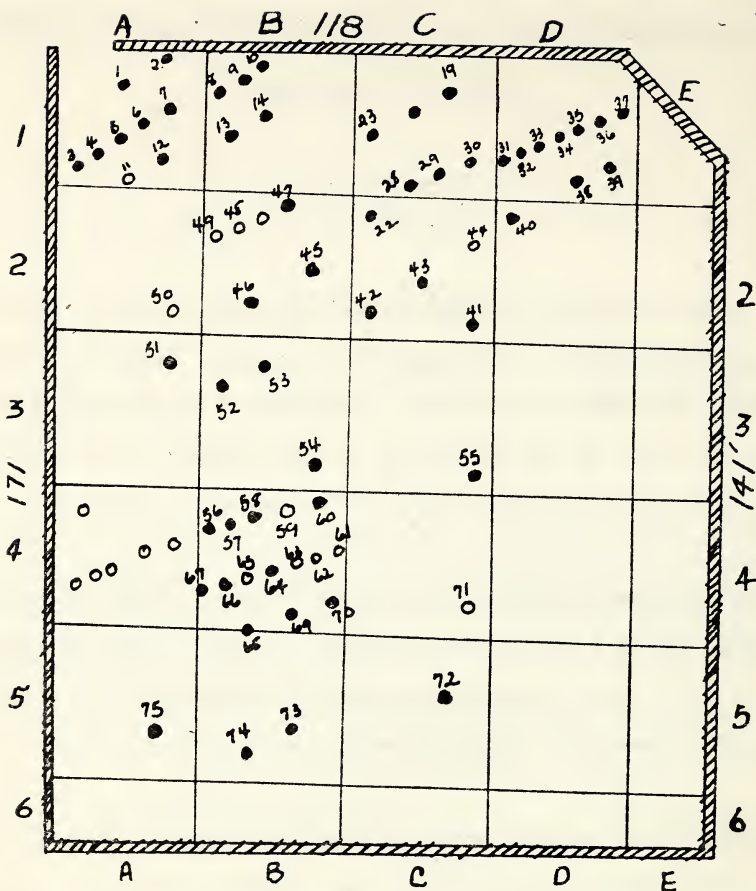

Very few facts are known about the second church building. It was a log building built less than two miles from the original location. This site is marked by a graveyard which is only three hundred yards to the north-east of the present brick building. Worship in this new church took place about the year 1776.

A cemetery marks the site and it is supposed that the church building sat in front of the cemetery. A gate to the cemetery is found at the south west corner, which indicates that this might be true. The cemetery is enclosed with a rock wall.

The oldest marked grave is that of Elizabeth Harris, dated 1778. This burying ground was used until 1847. The latest date is on the stone of Mary Russell, wife of Robert R. Russell. There are 67 stones on which the inscriptions can be read and others that are marked with field stones with no inscription, and others with inscriptions grown dim with the passing of time.

This plot of land which marks the Old Rocky River Graveyard and second church building was presented to the congregation in 2 deeds — gifts by Hector McCacran and Valentine Kirkpatrick, dated July 31, 1827.

This deed can be found in Cabarrus County Register of Deeds, Book 11, p. 28, registered on May 9th, 1828.

1778 - 1847

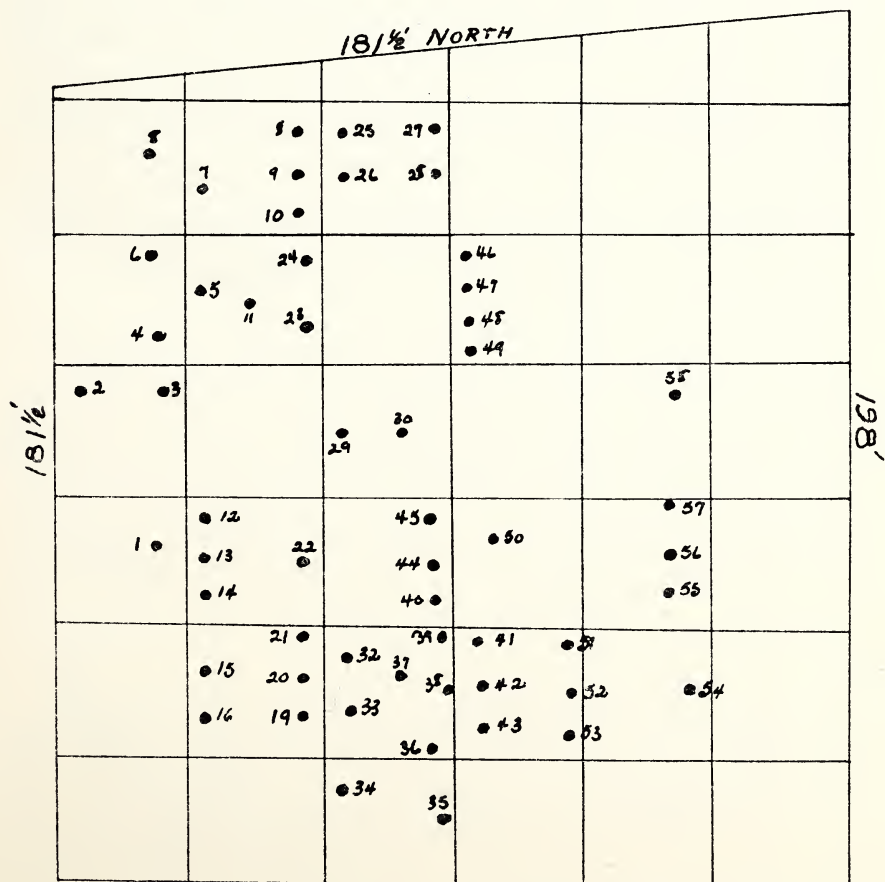

Spears Graveyard

A few years prior to the erection of this new church, a burying ground was started one and one half miles south of the church on the Pioneer's Mill road, 150 yards on the east side of the road.

Logic leads us to think that Grandfather Isaac Ross died on Feb. 13, 1760, and was buried in a spot near where he lived. The winters were severe, and travel, which was difficult, may have accounted for his burial here instead of the church grounds. On May 20, 1766, his wife died and was buried by his side. No further marked graves were added until 1797, which was 21 years later. During this period the Old Rocky River Graveyard was being used.

This plot, known as the Spears Graveyard, was used for a period of 126 years. There are 69 markers with inscriptions and a number of graves marked by rocks. These field stones are located mostly in one area. Here again our reasoning leads us to think that these are graves of slaves.

On July 18, 1808, Joseph Gates Spears deeded to the commissioners of the burying ground for the sum of five cents this land which was located on the plantation of Isaiah and Elishia Spears. This deed can be found in Cabarrus County Register of Deeds. Book 7, p. 127, and shows the following form:

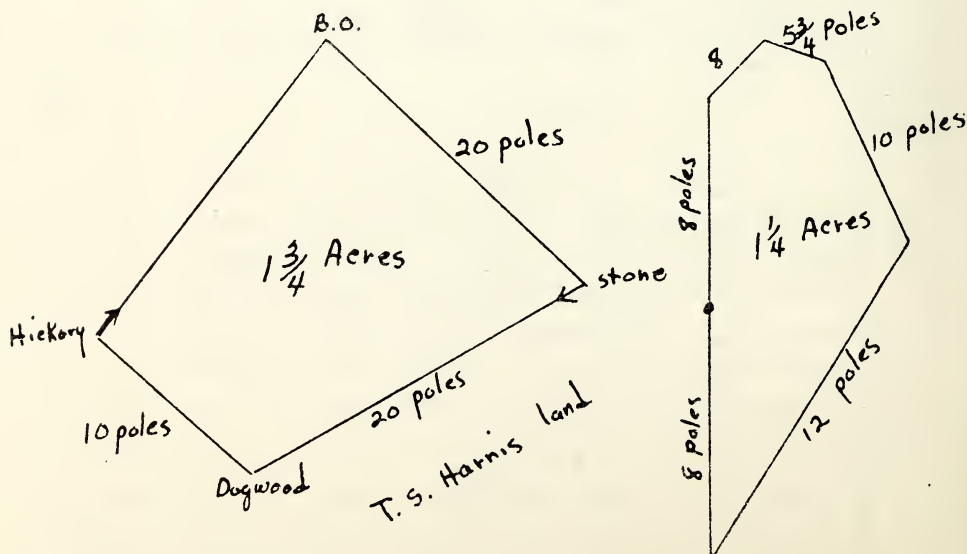

THIRD CHURCH BUILDING—ROCKY RIVER CEMETERY

For 28 years the Congregation of Rocky River had been worshipping in the second log building. Whether they had outgrown it, or for some other reason we do not know, on October 5, 1804, the trustees of the church purchased from Thomas S. Harris one and three fourths acres of land for the sum of \$17.50, to be paid yearly or otherwise as the General Assembly from time to time might direct.

On the next day, October 6, 1804, the trustees purchased 1.4 acres of land from Hector McCachern for the sum of \$12.00. With this tract of land was granted "a free passage to and from the spring adjacent and the privileges of using water therefrom for drink and to the only proper use and behoof of the congregation as afore-said and said privileges of water to cease when Rocky River Congregation ceases to be a worshipping society."

These deeds are found in Cabarrus County Register of Deeds, Book 5, p. 251. These plots of land take the following form:

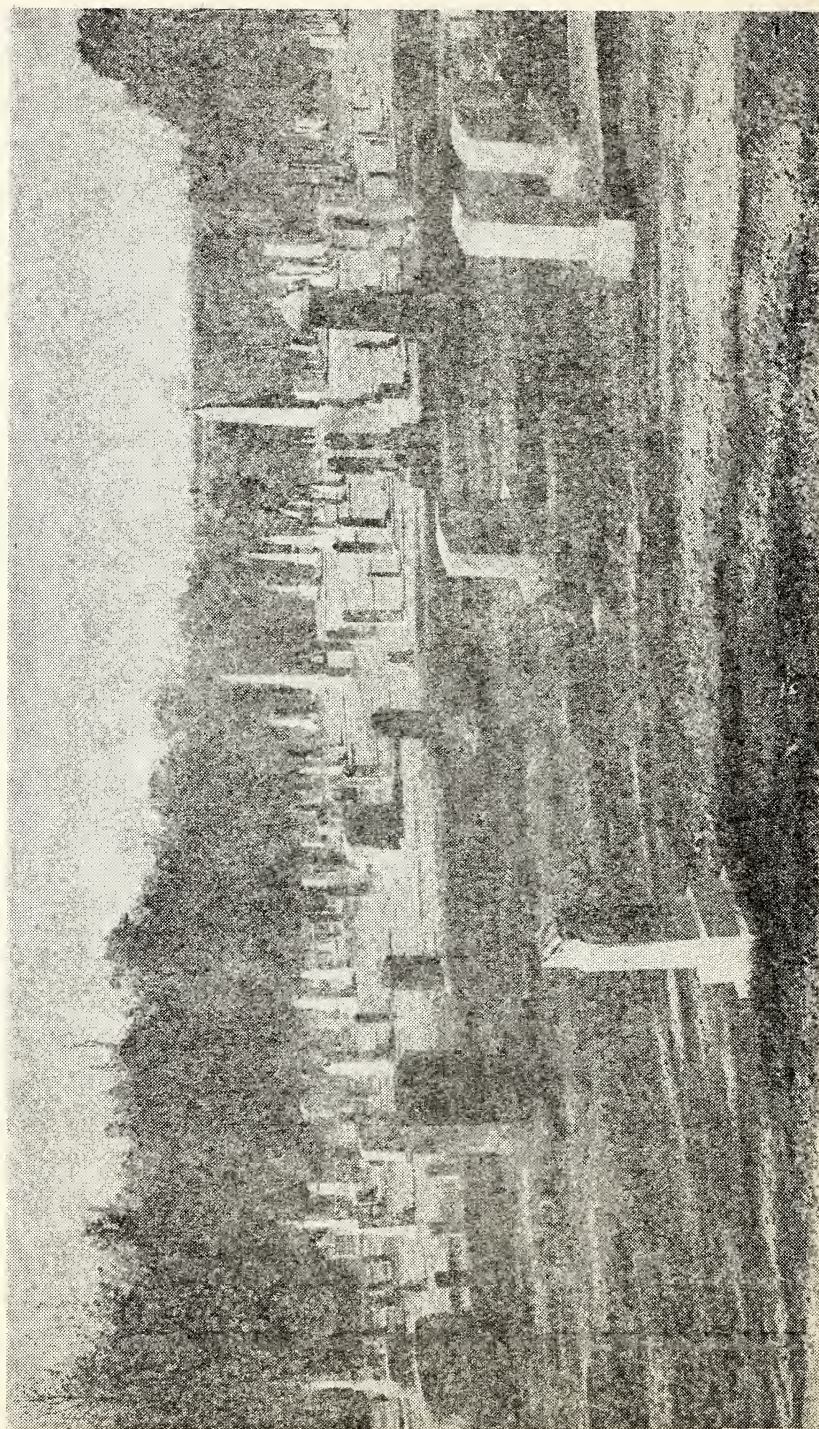

On this property purchased in 1804 was built the third house of worship. It was erected during the ministry of John Makemie Wilson and was built of frame structure measuring 40/60 feet within the bounds of what is now the cemetery lying to the north of the present brick church. Worship was begun in this new structure in 1807.

The plot of land used by the Hector McCacran family as a burying ground, containing graves of the children of Hector McCacran, lies on the north side of the plot bought from Hector McCacran Oct. 5, 1804, was deeded to Rocky River congregation on July 31, 1827. This deed can be found in Cabarrus County Register of Deeds, Book 11, p. 28, registered May 9, 1828. This plot was taken in the church burying ground and the church assured the upkeep of it.

The Old Rocky River Graveyard continued to be used for another 40 years. The Spears graveyard was used for 79 years longer by those who had relatives buried there prior to the building of the third church building.

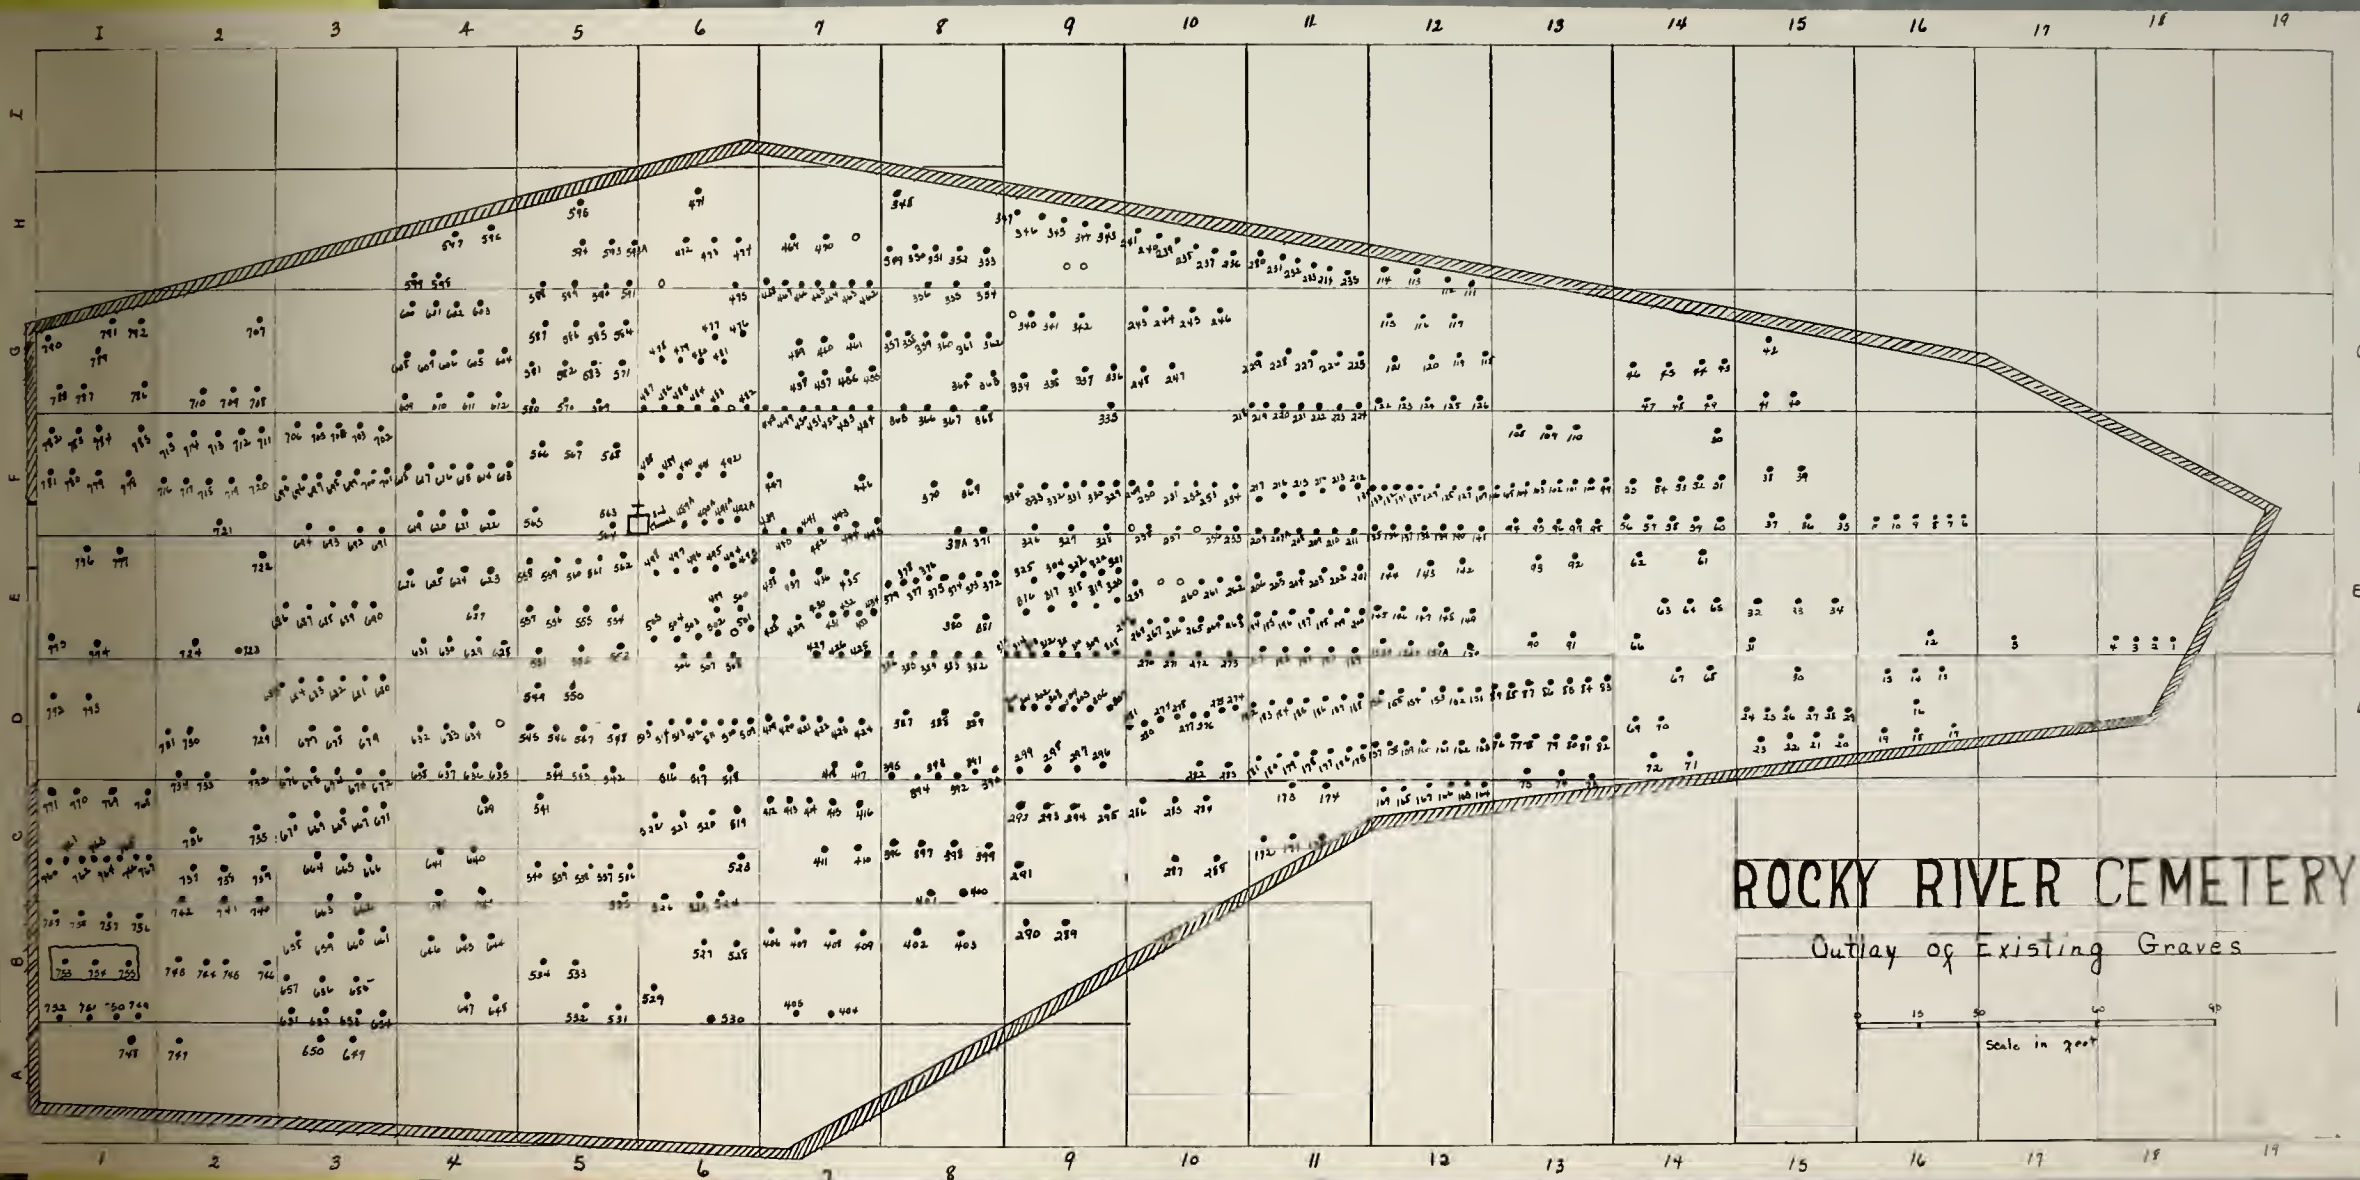

Our records show that it was 7 years before the ground surrounding this, the third church building, was used as a burying ground. On January 20, 1814, Dr. Cunningham Harris was buried 150 feet north of the church. From that date up to the present, covering a period of 134 years, this cemetery has been in use and will continue to be used for some time. It has 859 marked graves at the present time.

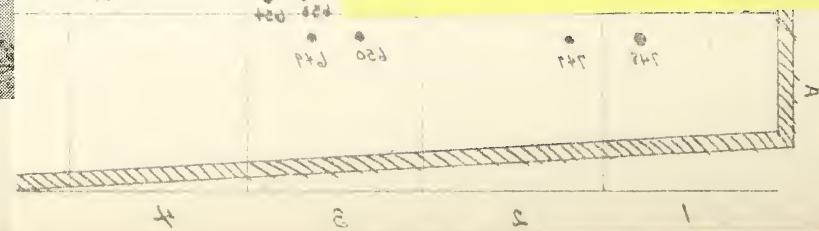

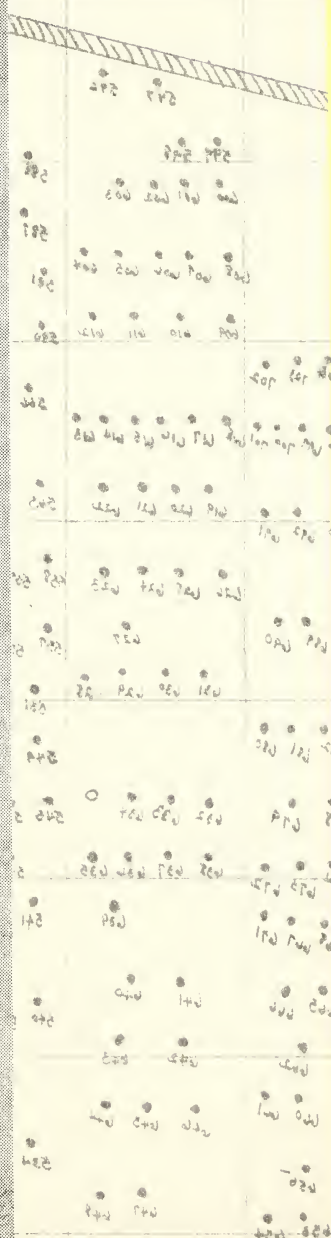

In this graveyard can be found the graves of four of Rocky River pastors; The Rev. John Makemie Wilson, D.D., who was pastor from 1802-1831; Rev. Daniel Allen Penick, pastor from 1837-1870; Rev. Thomas Hugh Spence, pastor from 1916-1931; and Rev. George Marshall Wilcox, pastor from 1941-1954.

Stafford Burying Ground

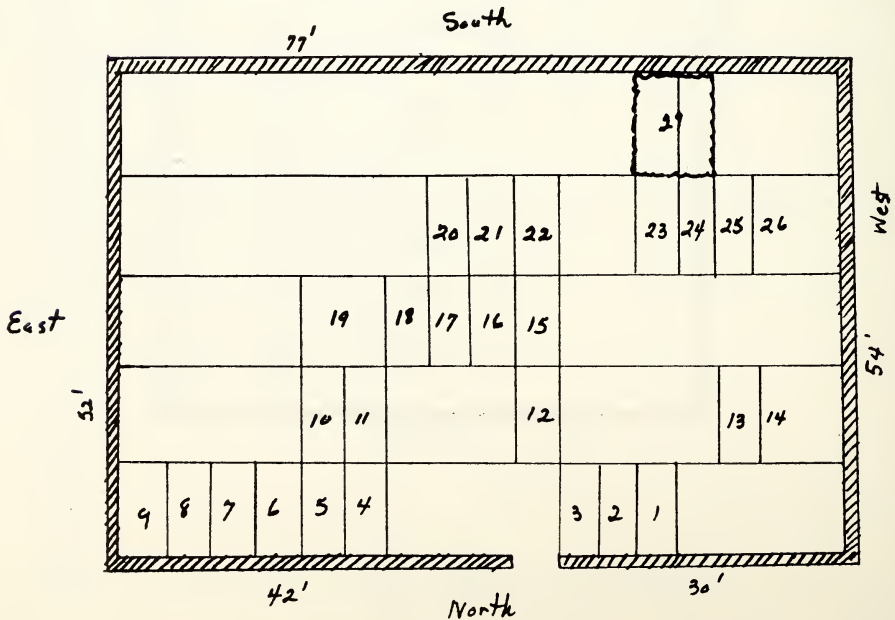

It is not known whether this is a family burying ground or one of the plots which was used during the times when it was not possible to reach the church burying ground. It is located on the Arthur Stafford farm and contains more graves bearing the Stafford name. There are several graves in this plot which are marked by field stones and twenty one with inscriptions.

The oldest marked grave is that of Jane Stafford, wife of George Stafford, dated Sept. 8, 1821. This burying ground was used until 1902.

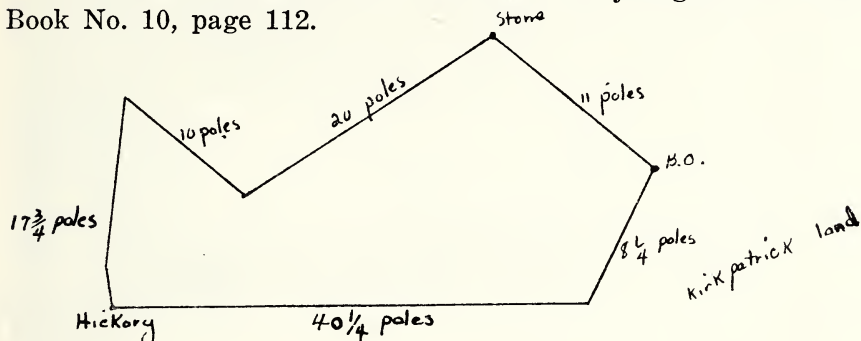

Pharr Graveyard

This is thought to be another of the plots started when the roads were impassable to the church burying ground. It is located 100 yards beyond the first burying ground on the west side of the road, 100 yards off. There are 27 marked graves, 18 of the markers bearing the name of Pharr. The oldest is that of James R. Pharr, 1822. This plot was used by some as late as 1907. It is enclosed with a rock wall similar to the four which preceeded it.

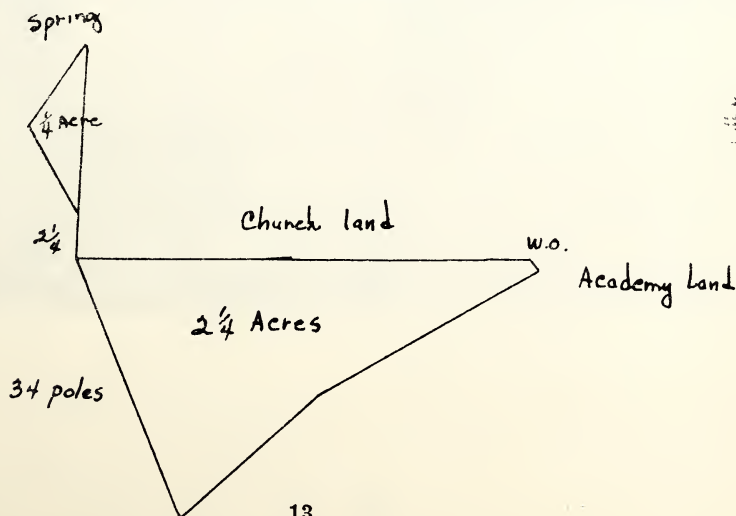

For 16 years the Congregation of Rocky River had worshipped in the third church building. Seeing the need for further expansion, the Trustees bought from Thomas S. Harris on May 5, 1823, three additional acres of land lying on the south side of the meeting house land, for the sum of \$75.00. This brought the total acres bought by the Congregation to 6 acres.

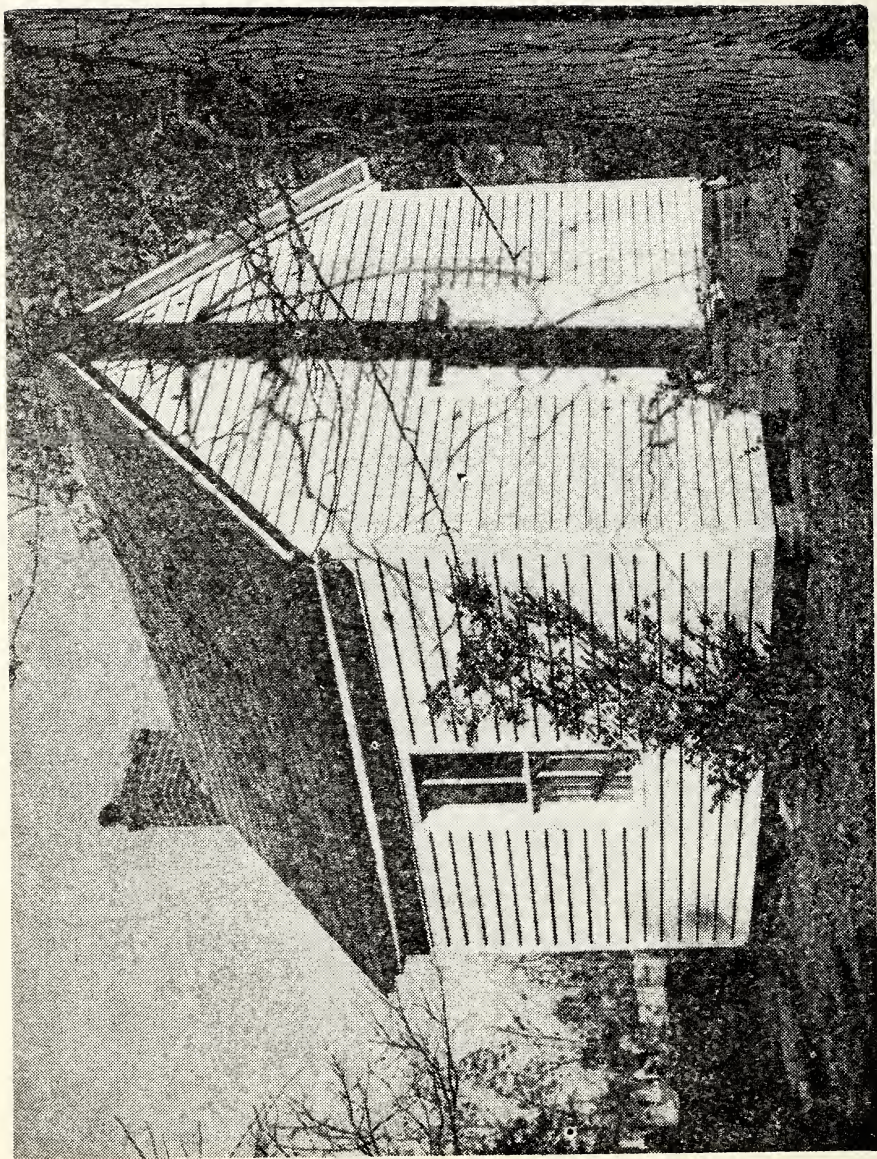

This deed can be found in Cabarrus County Register of Deeds, Book No. 10, page 112.

The next building to be erected was that of The Session House, which is still standing today. It was probably erected early in 1839. This date is established from the minutes of the session on April 21, 1839, as taking place in "Rocky River Session House". In later years the building was used for the kindergarten department of the Sunday School until the educational building was erected. Today it stands well preserved as a landmark, having served its purpose.

For the third time the Congregation found the need for expanding and bought a tract of land on July 31, 1856, from S. D. Whorton for the sum of \$187.50. This plot of $2\frac{1}{2}$ acres adjoined the church property to the south and west. This deed can be found in Cabarrus County Register of Deeds Book No. 20, page 158.

THE FOURTH HOUSE OF WORSHIP

On January 4, 1860, at the annual meeting of the Congregation, the preparation for building a house of worship was formally presented. The new brick church was erected at the cost of approximately \$6,000.00. Sunday, May 2, 1861, was the day of dedication of the new church. This beautiful Sanctuary is still in use today, with very few changes having been made.

In 1888 the structure, now 27 years old, was reroofed and some painting was done on the woodwork at a cost of \$270.84. In 1939 the building was wired for electricity, lighting fixtures were installed, and improvements were made on the interior of the building at the cost of \$3,902.86.

In 1943 an improvement program was begun, and as a result a heating system was installed for the comfort of the congregation. A hammond organ and chimes were presented to the church by Mrs. Edna Parsley Barnhardt of Charlotte. In the summer of 1957 a new roof was placed by the Congregation.

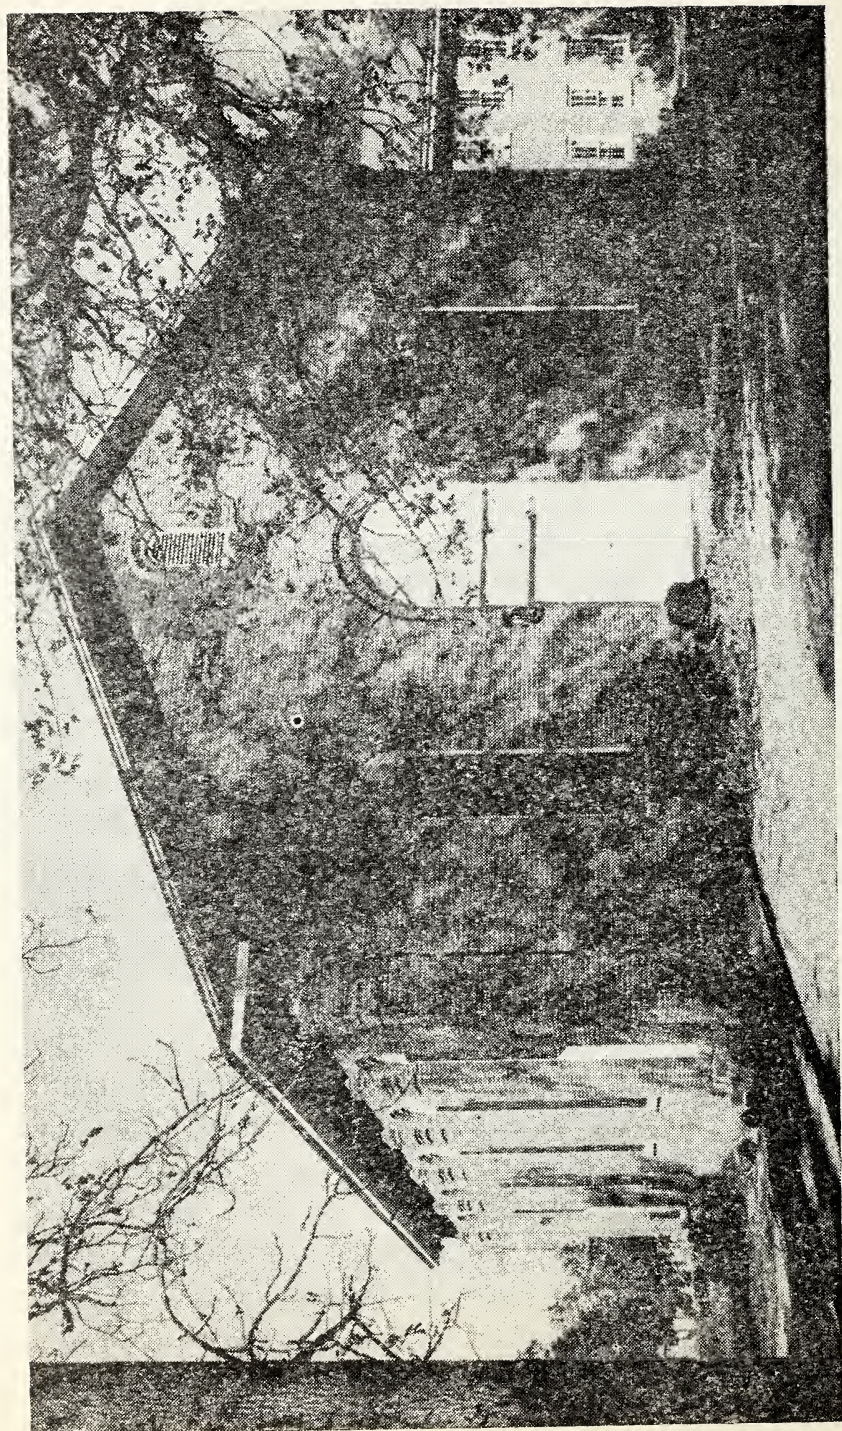

During a "fix-up" campaign in the spring of 1958, the choirs were placed on the sides of the pulpit, the junior choir occupying the right of the pulpit; and the adult, the left. A velvet curtain was placed in front of these, adding much to the appearance of the Sanctuary.

Once again the Congregation felt the need for expanding their property, and on Sept. 20, 1871, they bought a tract of land containing fourteen and one half acres from Elam King for the sum of \$378.00.

On May 2, 1898, a small portion of this land was exchanged with Martha and W. E. Harris for the same amount of land to make a straight line boundary.

A deed to this tract can be found in Cabarrus County Register of Deeds, Book No. 38, p. 133, and Book No. 52, p. 513.

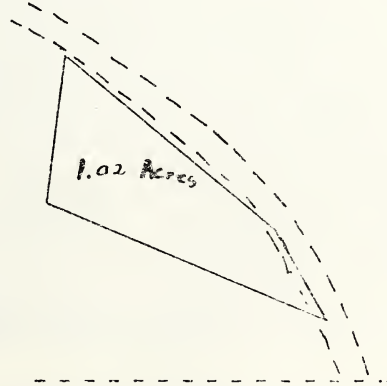

Present Church—Fourth House of Worship

THE MANSE

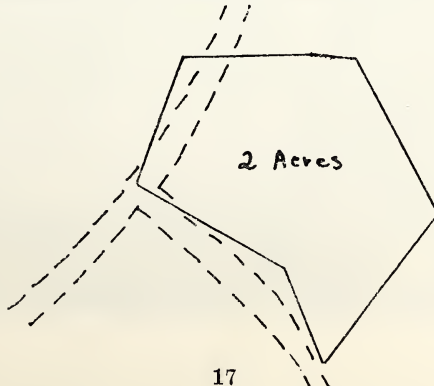

A handsome brick manse was built, and occupied early in 1873. The cost of the building was \$3,000.00. For 85 years this beautiful dwelling has been the home of Rocky River Pastors. It was first occupied by the Rev. Joseph Mack, eighth pastor of the church, and is occupied at the present by the eighteenth, Rev. Robert Park.

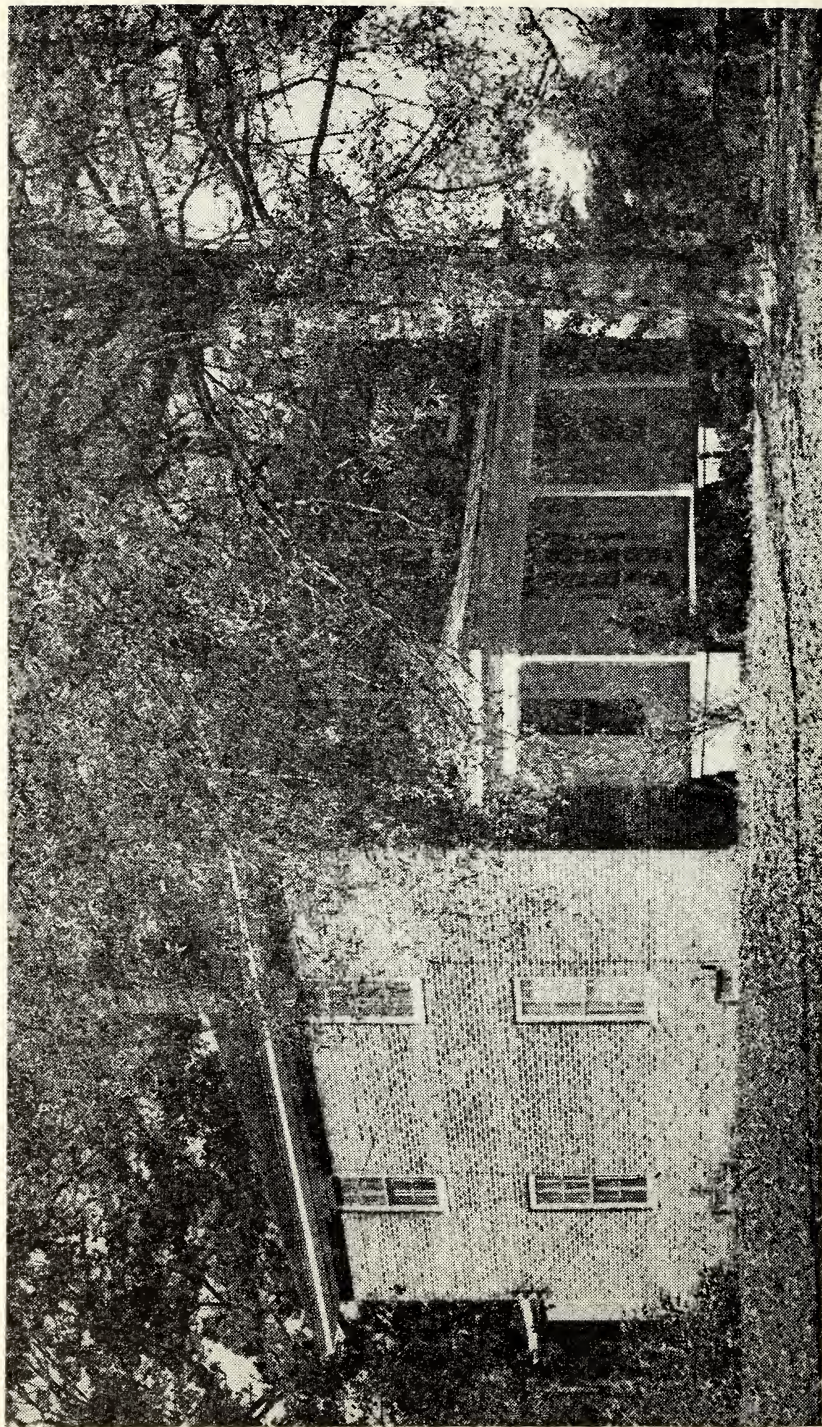

Many minor repairs have been made. A well was dug at the beginning of 1914 and a pump installed. A heating system has been installed, two bathrooms added, and the old kitchen turned into a garage; otherwise it stands as it was originally built.

On Jan. 15, 1927, D. B. McCachern and wife sold to Rocky River Church 1.02 acres of land for the sum of \$76.50. This plot lies on the south side of the road adjoining the manse property. This deed can be found in Cabarrus County Register of Deeds, Book No. 112, page 307.

On Dec. 8, 1928, The Cabarrus County Board of Education sold to the Trustees of Rocky River Church 2 acres of land for the sum of \$600.01. On this property was a building formerly used as a residence by the principal of the public school which followed the Academy and was replaced by Harrisburg Public School. This building was used as a club house until it was no longer needed as such, and then used as the caretaker's home.

The Manse

NEW ROCKY RIVER CEMETERY

The church officers, looking toward the day when the need for more burying ground would be needed, developed part of the plot of land bought from Elam King lying between the two roads on the south side of the property. This cemetery is indeed the most beautiful of the seven attached to Rocky River Church. It was opened during 1937 and is being used along with the Rocky River Cemetery north of the church.

THE GEORGE M. WILCOX EDUCATIONAL BUILDING

The congregation had worshipped for 82 years in the fourth building when the need for further expansion was felt. On April 25, 1943, at a congregational meeting a committee was appointed to "draw plans and solicit funds for the Community Building."

Under the leadership of Mr. Wilcox, this dream of a well planned, and well equipped educational building, built adjoining the sanctuary, became a realization. The building was erected by the sons, daughters, and friends of the church, at a cost of \$82,500, and furnished by the present members of the church.

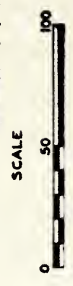

The dedication of this latest structure took place on May 1, 1949.

Church and Educational Building

On March 28, 1951, the Trustees of Rocky River Church bought from H. M. McCachern and wife Bernice Nash McCachern, a plot of land adjoining the church property for the sum of \$2,377.25, containing 28 acres. This Deed can be found in Cabarrus County Register of Deeds, Book No. 234, page 67.

EXPLANATORY NOTES

In the list of Alphabetical Index the code should be interpreted as follows: New R. R. refers to the cemetery in front of the church; R. R. refers to the cemetery behind the present church building; Old R. R. refers to the cemetery where the third church building stood; Spears, to the cemetery located on the road to Pioneer's Mill; Pharr, to the cemetery located on the Pharr's Mill road; Stafford, to the cemetery located on the Arthur Stafford farm near the county line.

The number and letter following refers to the square in which the grave lies with the grave number.

An asterisk before the code indicates that the stone can not be located at this writing but existed or could be read at the time of the census taken during 1834 in the Archives in Raleigh.
